He mentions in his receipts only \$15,000 from appropriations, while the prison has had \$55,000, besides a special appropriation of \$14,110.

The report also contains items of receipts that could have come from no other source than assets in hand January 1st, amounting to more than \$35,000, put in as earnings.

SHIRT FACTORY A SUCCESS.

The Penitentiary shirt factory is now operating fifty machines and making thirty-five dozen shirts a day.

When the labor becomes skilled each machine will make a dozen shirts a day and often more.

It is expected that by December 1st twenty-five new machines will be added and then a few months later twenty-five more, making one hundred in all. This will insure a daily output of one hundred dozen shirts a day.

"So far," said Manager Arndell, "the shirt factory has been a success. As the labor becomes more skilled the profit from its operation will become greater."

A \$100,000 COTTON MILL.

The Secretary of State incorporates the Gibson Manufacturing Company of Concord. The incorporators and the number of shares of stock taken by each are as follows:

J. W. Cannon, 100 shares.
D. F. Cannon, 30 shares.
J. C. Gibson, 50 shares.
R. E. Gibson, 100 shares.

The business of the corporation will be to spin and weave cotton, wool or silk. The capital stock is \$100,000.

The Charlotte Roof and Paving Company was also incorporated yesterday. The capital stock is \$5,000.

COLORED PREACHER ARRESTED.

A Durham special says: A colored preacher by the name of Rev. J. T. Gibbons, of Mecklenburg, who was here attending the Western North Carolina Conference of the A. M. E. Church, was arrested this morning by Deputy Sheriff John T. Harward on a warrant sent here from Winston charging him with disposing of mortgaged property with intent to defraud. It is said that he disposed of a gramophone on which he gave a mortgage while pastor of a church in Winston year before last. The defendant says it is a malicious prosecution. He says he bought the instrument jointly with another man and gave a mortgage on some books, while his partner gave a wagon as security. Gibbons put up enough money to-day as security, and says he will go back to Winston and fight the matter out in the courts.

DEATH OF E. H. HOGAN.

E. H. Hogan, of Durham, died at Johns Hopkins, Baltimore, to-day of heart failure. He left here last week for treatment. His death was a surprise. He is the son of J. T. Hogan, manager of B. N. Duke's Orange county farm. He was thirty-two years old. The body will reach here to-morrow morning, and will be buried at 3 o'clock in the afternoon with Pythian honors. A delegation has gone to Greensboro to meet the remains. The young man was universally beloved.

Winston, N. C., Nov. 22.—The National Tobacco Workers' Union has organized two branch unions in Winston—one white and one colored—among employees of the tobacco manufacturing firm of Brown Brothers Company. This firm will hereafter employ only members of this union.

The organization has a large membership in the North and West among factories outside of the trust. The union is against combinations and the members promise not to use goods manufactured by the American and other trust companies.

Other unions will be organized here among employees of other tobacco factories. It is charged that the trust tobacco firms do not employ any union labor.

Engineer L. R. Kindle, of Baltimore, stuck to his post on the second section, checking its speed and preventing the telescoping of the passenger section. He was seriously injured and may die. His fireman, Lewis Massey, of Baltimore, was terribly scalded and died in the hospital here. No one else was dangerously hurt. The rear sleeper of the passenger section was wrecked and burned.
